

Not Once But Three Times

Steve Nelson

MANNNS ROAD

John and Lyn are repeat clients we have been building for over many years. This Lakeside retreat is their final residence that required a major renovation to bring it up to a modern standard. The before photos show just how in need of a make over the house was. New Kitchens and Bathrooms inside and large decks to the front and rear of the home have transformed it. This is a renovation we are so proud of.

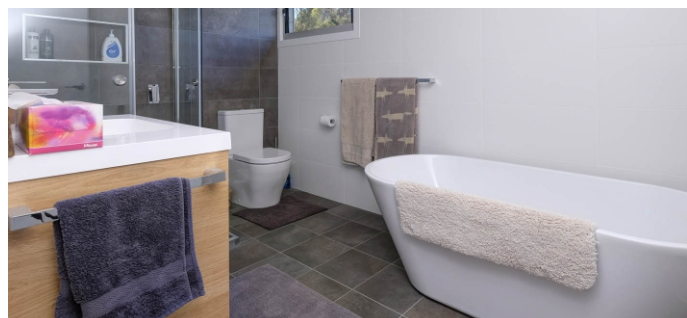

TESTIMONIAL

We are very pleased to be able to provide a testimonial for Nelson Building Services.

Stephen and Bob Nelson have done 3 previous builds for us, building professional rooms and renovating previously built professional rooms and lastly, a residential renovation. These builds enabled us to relate well with Stephen, Bob and his carpenters and other workers.

My wife and I had no hesitation in asking Stephan and his team to renovate an older home we purchased.

This renovation was extensive and included structural changes inside and out.

The best things about working with Stephan and his crew and tradies are:

- Budget estimations were accurate
- Good cooperation between Stephan and fellow workers
- Reliable time frame for works
- Quality inclusions with a cost conscious approach
- Communication excellent
- Guided us with a good sense of style
- Provided options on many occasions when alternative approaches were necessary.

We are delighted with the progress of our build as it nears completion and are more than happy to recommend Nelson Building Services to any one of our friends or professional bodies for new builds or renovations.

We are overjoyed with the level of professional service provided and the ease of communication.

We are very happy for this testimonial to be shared as appropriate
